

# Every dollar makes a difference.

FARE is working tirelessly on multiple fronts to redefine the future of food allergies. We represent the voice of the food allergy community and actively seek solutions that will improve the LIFE and HEALTH of individuals with food allergies and provide HOPE through the promise of new treatments. Every donation helps advance our work and makes a meaningful impact.

**\$20**

Puts a newly diagnosed patient kit into the hands of 10 families coping with a new diagnosis of a food allergy.

**\$500**

Enables representatives of FARE and the food allergy community to spend one day on Capitol Hill advocating for improved labeling laws and essential airline legislation.

**\$10,000**

Allows FARE to provide comprehensive training and recruitment of five schools to the FARE Food Allergy College Search.

**\$30**

Sends "Be A Pal" food allergy education materials to two elementary school classrooms.

**\$750**

Brings a world-class clinician to FARE's National Food Allergy Conference to interact with attendees and share insights on the latest in the treatment and management of food allergies.

**\$15,000**

Helps FARE provide personal outreach responses to thousands of emails and phone calls annually covering such topics as labeling, school awareness and food allergy management.

**\$150**

Brings a teen to FARE Teen Summit for a weekend of education, support and friendship with hundreds of other teens, young adults and parents.

**\$1,000**

Allows FARE to provide a grant to a community volunteer in support of food allergy education and awareness.

**\$25,000**

Supports a Research Coordinator at a FARE Clinical Center of Excellence to facilitate access to food allergy clinical trials.

**\$200**

Enables hundreds of individuals to access a FARE-produced webinar on managing life with a food allergy.

**\$1,500**

Funds local awareness days in two states capitols to bring food allergy advocates to meet with legislators and regulators on issues of importance to our community.

**\$75,000**

Supports a FARE new investigator for one year, bringing a bright new mind into the field of food allergy research.

**\$250**

Supports the distribution of posters to promote safety and inclusion at schools through FARE's Teal Pumpkin Project.®

**\$5,000**

Helps FARE host free education symposia in three communities.

**\$150,000**

Funds a FARE mid-career investigator for one year, enabling the continuation of promising research into the causes, prevention and treatment of food allergies.
